Hard plastic glides for soft floors. Optional felt glides for hard floors

The original 40/4 chair by David Rowland remains an undisputed icon of multifunctional design, known for its exceptional stacking and handling capabilities, graceful lines, and outstanding ergonomics. This pioneering stackable chair seamlessly captivates architects and designers globally.

The extended 40/4 chair family offers numerous finishes and versatile variants, including lounge, barstool, and outdoor versions. From classical curves to modern twists, this collection presents new iterations of the iconic design, allowing for consistent furnishing across different environments such as schools, universities, churches, offices, or training establishments.

Winner of numerous design awards, the 40/4 chair is featured in design collections and museums worldwide.

TESTING AND WARRANTY

- 40/4 is designed for severe contract use.
- The chair passed testing according to the required EN and BIFMA standards.
- 40/4 carries the HOWE 10 year warranty.
